

HEADLIGHT VSL KTM

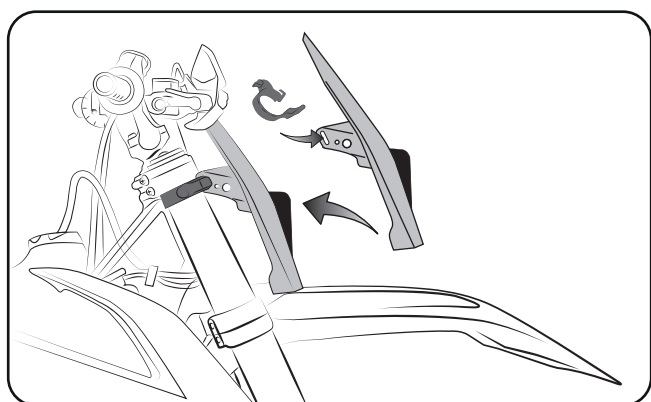

MASCHERINA VSL KTM

ACERBIS

COD. 500006175 REV.4

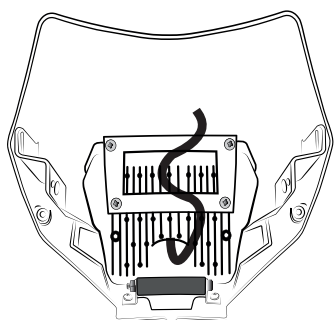

WARNING - ATTENZIONE!

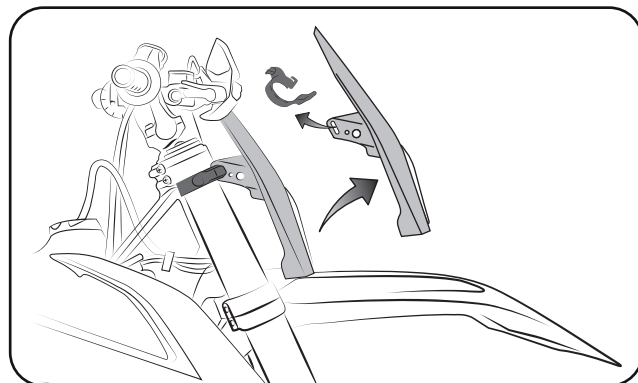

Per KTM EXC 250 TPI 2018 2019 e KTM EXC-F 250 - 350 - 450 2017 2018 2019: Assemble the original elastic on the Acerbis headlight. Connect the cables. Assemble the Acerbis headlight on the bike.

Per KTM EXC 250 TPI 2018 2019 e KTM EXC-F 250 - 350 - 450 2017 2018 2019: Rimontare gli elastici originali sulla mascherina ACERBIS. Collegare i cavi. Montare la mascherina ACERBIS.

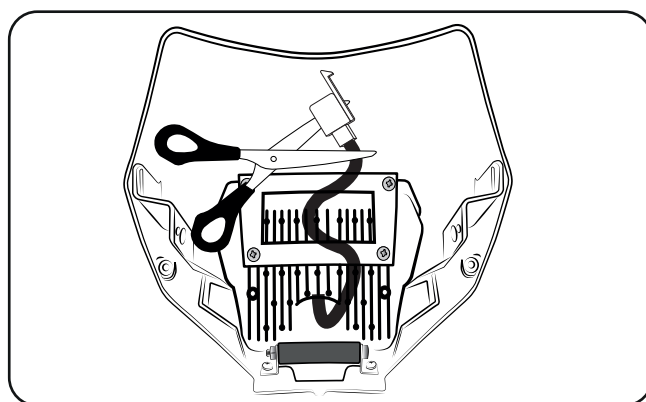

WARNING!

VOLTAGE RANGE
9 - 32 V DC

1 - Remove the original headlight from the bike and take off the original elastic.

1 - Smontare la mascherina originale. Togliere gli elastici originali.

Only for KTM EXC 250 - 300 2017 with carburettor: These models provide alternate current to the headlights connections. Because the Acerbis headlight requires direct current to work, it is not possible to connect the Acerbis headlight directly to the OEM connection. In order to power the headlight, connect it to the battery. If necessary, cut the connector and connect the cables directly to the battery with attention to their polarities: red (+) black (-).

Solo per KTM EXC 250 - 300 2017 a carburatore: Queste moto erogano (al connettore originale del faro), corrente alternata, visto che, il faro funziona solo con corrente continua, non è possibile collegare il connettore del faro Acerbis al connettore della motocicletta. Quindi per alimentare il faro provvedere al collegamento diretto alla batteria. In alternativa, se fosse necessario, tagliare il connettore e collegare i cavi direttamente alla batteria rispettando le polarità: rosso (+) nero (-).

WARNING!

Use at your own risk. Check the security of your device before you ride. Be sure that you follow the instructions installing the Acerbis products. Do not ride if there is missing or damaged hardware. If this is the case, take the item immediately back to your dealer. Make sure the throttle and other controls are free every time you ride. Lack of attention to instruction and warning could lead to interference with the controls, loss of control, and an accidents. Acerbis recommends that installation must be done by a licensed mechanic and that only Acerbis is original parts are used during fitting.
